MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8 (2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

Exemption—Ministry of
Transportation—MTC-56.
Made—June 1st, 1990.
Approved—June 1st, 1990.
Filed—June 12th, 1990.

**ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT**
**EXEMPTION—MINISTRY OF
TRANSPORTATION—MTC-56**

Having received a request from the Minister of Transportation that an undertaking, namely:

The activity of carrying out the design, acquisition of property, construction, operation and maintenance of Highway 17 from Antrim to Arnprior in the Township of West Carleton, consisting of a four lane divided freeway 11.5 kilometres in length with full access control, interchanges at the major roadways, grade separation at all intersecting roadways along the freeway alignment and relocation of road crossings,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be damaged by an increase in the cost of and interfered with by the delay in the completion of a project for which a planning study and corridor designation was completed prior to the Act being proclaimed in force.
- B. The Regional Municipality of Ottawa-Carleton and The Corporation of the Township of West Carleton will be interfered with by the delay in completion of this project for which a designated alignment has existed since the early 1970's, upon which land use planning and development has been influenced in expectation of the highway construction.
- C. The public will be interfered with and damaged by operational problems in the existing Provincial and local road systems and vehicle accidents on existing Highway 17.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment

which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The planning and highway designation for the undertaking was completed before the Act came into force. In 1979, the Ministry of Transportation completed a planning review study which evaluated alternatives involving the upgrading of the existing highway as well as the designated new alignment. The results of this study confirmed the environmental and engineering appropriateness of the designated new alignment. The local municipality and other governmental agencies were involved with this study.
- B. The Councils of The Corporation of the Township of West Carleton and The Corporation of the Town of Arnprior have passed resolutions requesting that the Ministry of Transportation proceed as soon as possible with the undertaking.
- C. The completion of this link of the Highway 17 controlled access freeway will provide for improved safety and will allow the full benefit of the Highway 17 corridor to be realized by the people of Ontario and especially the residents and the business, commercial and industrial developments in the Ottawa Valley.

This exemption is subject to the following terms and conditions:

1. The Ministry of Transportation shall submit a copy of an Environmental Status Statement covering the design and construction of the undertaking, for information purposes, at least thirty days prior to the commencement of construction, to the Environmental Assessment Branch of the Ministry of the Environment for inclusion in the Public Record.
2. The Ministry of Transportation shall contact the appropriate Ministries and Agencies and shall notify the public during the preparation of the Environmental Status Statement. Any concerns which are raised shall be addressed by the Ministry of Transportation in the Environment Status Statement.
3. No construction shall be carried out pursuant to this exemption order unless construction has commenced prior to,

- (a) five years from the date of approval of this order; or

- (b) such later date as may be approved in writing by the Minister of the Environment. O. Reg. 311/90.

MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Trans-

port Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 336/90.
Exemption—Ministry of the
Environment—MOE-43.
Made—June 14th, 1990.
Approved—June 14th, 1990.
Filed—June 21st, 1990.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF THE
ENVIRONMENT—MOE-43

Having received a request from the Regional Director, Central Region, Ministry of the Environment that an undertaking, namely:

the removal of lead-contaminated soil from residential and public properties in the vicinity of Dixie Road and Queensway Avenue in the City of Mississauga, replacing the soil with uncontaminated top soil and landscaping the properties to a condition approximating that which existed prior to soil removal,

be exempt from the application of the Act pursuant to section 29; and

Being of the opinion that, if the undertaking is subject to the application of the Act, the following injury, damage or interference would occur:

- A. Since lead-contaminated soil on residential properties poses a potential hazard to the health of pre-school aged children, there will be a prolonged exposure of these children to the potential hazard.
- B. The public will become increasingly uneasy over the continuing presence of lead-contaminated soil in view of its potential hazard

to pre-school aged children and the Ministry commitment to remove it.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The lead-contaminated soil poses a potential hazard to the children of the area. Delays which would be engendered by the application of the Act to the removal program will add to the duration of this potential hazard. Therefore, it is in the public interest to replace lead-contaminated soil in the area expeditiously.
- B. There is a widespread consensus in the community, the Peel Region Health Department, Peel Regional Council in Mississauga City Council that this project should proceed expeditiously.

This exemption is subject to the following terms and conditions:

1. The Director, Central Region, Ministry of the Environment will advise, in writing, thirty calendar days after the completion of the undertaking, the Director of the Environmental Assessment Branch of the Ministry of the Environment, as to how the following conditions of the exemption have been met, for filing with the public records, kept under section 31 of the Act, by the Branch at its office.
2. The Ministry, where appropriate, will inform and consult with agencies, municipalities, public groups and the public, which have concerns with the undertaking before the commencement of the undertaking.
3. The Director, Central Region, Ministry of the Environment will designate specific truck haulage routes to transport waste soil to the Britannia Road landfill site in the City of Mississauga, which are to be followed throughout the undertaking in order to minimize any potentially adverse effects on local residents.
4. The Director, Central Region, Ministry of the Environment will take steps to ensure that the hauling contractor(s) securely contain all loads in order to prevent spillage and will clean up any spillage that does

result from the loading and hauling of the soil. O. Reg. 336/90.

Exemption—Toronto Area Transit
Operating Authority—MTC-57.

Made—June 14th, 1990.

Approved—June 14th, 1990.

Filed—June 21st, 1990.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—TORONTO AREA TRANSIT OPERATING AUTHORITY—MTC-57

Having received a request from the Toronto Area Transit Operating Authority, herein referred to as "GO Transit", that an undertaking, namely the activities of:

 - (b) between the Georgetown GO station and the Guelph VIA station on the Guelph subdivision,
 - (c) between the Bradford GO station and the Barrie CN station on the Newmarket subdivision;
2. Acquisition of property for, and construction of, modification of station or layover facilities in or adjacent to the existing rail corridors referred to in paragraph 1 and required for purposes of paragraph 1,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that the elimination of certain rail passenger services formerly offered by VIA on the CN Kingston, Newmarket and Guelph subdivisions has adversely affected those individuals dependent on these transportation services.

Having been advised that if the undertaking is subject to the application of the Act, the following

injury, damage or interference with the persons and property indicated will occur:

- A. The residents of the areas to be served by the undertaking would be interfered with by the time required to comply with the Act.
- B. The commuters using the passenger rail services formerly provided by VIA in these corridors will be inconvenienced if the services are not restored by GO Transit.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking is located within or adjacent to existing railway transportation corridors.
- B. The rail passenger services offered by GO Transit are an alternative to the use of private vehicles for trips to and from points accessible by GO Transit and the public transit systems to which GO Transit facilities connect.
- C. The implementation of this project without delay is recognized as being a desirable goal by the Cabinet and is in the best interests of the Province.
- D. Any construction needed for expansions of the service beyond one train per direction per day will be subject to GO Transit's Class EA procedures or individual approvals under the Act.

This exemption is subject to the following terms and conditions:

- 1. This order does not apply to any construction activity referred to in the description of the undertaking,
 - (a) after November 31, 1990, unless construction of that part of the undertaking has commenced prior to that date, or
 - (b) that is necessary to provide for the expansion of the service beyond one train per direction per day.
- 2. GO Transit will provide public notification of and invite comment on the proposed activities related to the part of the undertak-

ing referred to in clause 1 (a), (b) or (c) of the description of the undertaking at least thirty days before commencing any construction or operational activities.

- 3. Prior to carrying out an activity related to that part of the undertaking referred to in clause 1 (a), (b) or (c) of the description of the undertaking pursuant to this exemption order, GO Transit will file with the Environmental Assessment Branch of the Ministry of the Environment a list of all changes in service or facilities and property acquisitions which will be required to implement the part of the undertaking referred to in the clause and any operational or construction measures identified to mitigate environmental impacts of that part of the undertaking. This statement shall be filed at least thirty days prior to the commencement of any construction or operational changes related to the clause.
- 4. This exemption order does not apply to permit the construction of new rail tracks except in connection with the construction or modification of station and layover facilities. O. Reg. 337/90.

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

ONTARIO AUTOMOBILE POLICY, O.P.F. 1 (OWNER'S POLICY)

Vide Ontario Gazette, Vol. 123-24 dated June 16, 1990, pages 3311, 3320, 3321, 3323, 3325 and 3345.

NOTICE IS HEREBY GIVEN that the above pages, forming part of the Ontario Automobile Policy, O.P.F. 1 (Owner's Policy), should be discarded and replaced with those that follow.

- (c) the named insured, his or her spouse and any dependant of either of them while the occupant of any other automobile;
- (d) any person who is not the occupant of an automobile or of rolling stock that runs on rails who is involved in an accident in Ontario involving the automobile;
- (e) the named insured, his or her spouse and any dependant of either of them who is not the occupant of an automobile or of rolling stock that runs on rails who is involved in an accident;
- (f) the named insured, his or her spouse and any dependant of either of them who is not involved in an accident but who suffers psychological or mental injury as a result of an accident involving a physical injury to his or her spouse, child, grandchild, parent, grandparent, brother or sister, or any dependant of the named insured or of his or her spouse;
- (g) any person who suffers injuries as a result of an accident involving the automobile who has no recourse against any other insurer under a contract evidenced by a motor vehicle liability Policy in respect of which the person is a named insured or the spouse or dependant of a named insured; or against the insurer of the automobile in which the person was an occupant or which struck the person.

Additional Insured

2.3 If the automobile is made available for the regular use of an individual, whether or not a resident of Ontario, by a corporation, unincorporated association, partnership, sole proprietorship or other entity, or is rented to an individual who is a resident of Ontario, this Part applies to the individual and his or her spouse and their dependants as if the individual were a named insured.

2.33 The maximum additional benefit payable under 2.32 is \$200 per week, if Optional Benefit 3 has not been purchased, or \$400 per week if it has been purchased.

2.34 An additional weekly benefit under section 2.32 ceases,

- (a) when the person cared for attains age sixteen, unless he or she is incapacitated;
- (b) when the incapacity of the person cared for ceases; or
- (c) when the insured ceases to be eligible for a benefit under section 2.29 or when the insured person would cease to be eligible had he or she not been disqualified under section 2.40.

2.34A A person cannot receive benefits under this section and section 2.22 at the same time.

2.35 The insurer is not required to pay a weekly benefit, under section 2.29,

- (a) for the first week of the disability;
- (b) for any period in excess of 156 weeks unless it has been established that the injury continuously prevents the insured person from engaging in substantially all of the activities in which the person would normally engage.

Interim Payments

2.36 The insurer will pay full weekly benefits, including income benefits and benefits if no income, until the insured person receives payments that would reduce the insurer's obligation through the operation of sections 2.25 or 2.31 if an insured person has applied to receive the payments.

2.37 The insurer will pay full weekly benefits even though the insured person is entitled to, or has received, benefits under an Act administered by the Ministry of Community and Social Services for Ontario or under similar legislation in another jurisdiction.

Deductions

2.38 An insurer may deduct from any benefit payable under this Part 80 per cent of any income received or available from any occupation or employment subsequent to the accident.

Temporary Return to School or Work

- 2.39 Subject to section 2.38,
- 2.39.1 a person receiving a weekly benefit may attend school or accept, or return to, work at any time during the first two years following the accident for any period of time without affecting his or her weekly benefits if, as a result of the accident, he or she is unable to continue at school or in the occupation or employment;
- 2.39.2 after the two-year period, a person receiving a weekly benefit may attend school or accept, or return to, an occupation or employment for periods of up to ninety days without affecting his or her weekly benefits if he or she, as a result of the injury, is unable to continue at school or in the occupation or employment; and
- 2.39.3 the insurer is not required to pay weekly benefits under section 2.29 for any week in which the insured person attends school.

EXCEPTIONS

2.40 THE INSURER WILL NOT PAY BENEFITS under sections 2.22 or 2.29 in respect of the driver of an automobile at the time of the accident,

- (a) if, as a result of the accident, the driver is convicted of operating the automobile while his or her ability to operate the automobile was impaired by alcohol or a drug, or of driving while his or her blood alcohol level exceeded the limits permitted by law or of an indictable offence related to the operation of the automobile;
- (b) if the driver, as a result of the accident, is asked to provide a breath sample and he or she is convicted for failure to provide the sample;

MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

Resources—MNR-30/10.

Made—June 28th, 1990.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-30/10

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The carrying out of the Provincial Parks Program including:

- (a) implementing,
 - (1) Park Management Plans,
 - (2) Resource Management Strategies,
 - (3) Operations Strategies and Maintenance Schedules,
 - (4) Development Strategies,

 - (6) Visitor Service and Interpretive Programs,
 - (7) Capital Construction and Lease Purchase Projects,

in Provincial Parks,

- (b) developing sewage and water works within or for Provincial Parks;
- (c) acquiring land to amend the boundaries of existing Provincial Parks, to complete land acquisition for an existing Provincial Park or for a sewage lagoon in or for a Provincial Park; and
- (d) amending and rescinding boundary regulations for existing Provincial Parks,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Pre-submission consultation and completion of the Class Environmental Assessment (Class EA) for Provincial Park Management for formal submission will be hampered by having to prepare separate exemptions or assessments for all Provincial Park projects at the same time.
- B. Park environmental and recreational features could be damaged in the absence of Provincial Park projects that address existing park management problems.
- C. Public enjoyment of recreational features may be reduced in the absence of the implementation of Provincial Park projects.
- D. The realization of the government's Outdoor Recreation Program objectives and economic benefits to local communities would be limited.

Having weighed such injury, damage or interference against the betterment of the people of the

whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. This interim exemption will allow Provincial Park plans and projects to continue while the Class EA for Provincial Park Management undergoes pre-submission consultation.
- B. The Provincial Parks Program is carried out within a context of conservation, protection and wise management of the environment. A major feature of the Provincial Parks Program is the preservation of significant natural and cultural features in the Ontario landscape.
- C. The conditions to which this undertaking is subject will ensure that affected government agencies and the public are informed of the Ministry of Natural Resources' (MNR) intentions to implement components of the Provincial Parks Program during the period of this exemption order.
- D. A number of activities that make up this undertaking are similar to activities that are covered by approved MNR Class Environmental Assessments. The Minister of Natural Resources will apply such parts of the procedure specified in the Class Environmental Assessments as are appropriate to the activities that make up this undertaking until such procedures or other procedures are made directly applicable by the Class EA referred to in reason A.

This exemption order is subject to the following terms and conditions:

- 1. This exemption order does not apply to any plan or project,
 - (a) for any provincial park designated by regulation under the *Provincial Parks Act* after June 1, 1983, which does not have a Park Management Plan approved by the Ministry of Natural Resources;
 - (b) where development is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species);
 - (c) where the estimated completion costs of a sewage or water works or a capital construction of lease purchase

project is in excess of \$2 million, not including any land acquisition costs.

2. Where any project for provincial park management, or another activity, involves a disposition of certain or all rights to Crown resources, including Crown property, such disposition will be done pursuant to this exemption order. Notice of all such dispositions will be given to the Ministry of the Environment as per condition 3 below.
3. MNR will continue to provide the Environmental Assessment Branch as well as the appropriate Regional Office of the Ministry of the Environment (MOE) with a list of proposed plans and projects (e.g. capital development and facility upgrading projects, facility retirement, park resource management activities, schedules for preparation or review of Park Management Plans) for the Provincial Parks Program no less than forty-five days prior to the implementation of any project. The lists will specify the nature, scope and location of all plans and projects and will specify which plans and projects will be carried out pursuant to another exemption order or approval. MNR will notify the above offices of revisions to the lists no less than forty-five days prior to the implementation of any plans or projects which are the subject of such revisions.
4. A copy of all plans prepared for projects specified in the lists noted in condition 3 shall be available to the public for examination at the appropriate District Office of MNR at least forty-five days before implementation commences.
5. Any activity exempt under this Order that would be approved under a MNR Class Environmental Assessment, except that the approval does not apply to Provincial Parks, shall be carried out in accordance with the appropriate Class EA procedures as though the activity were not in a Provincial Park by,
 - (a) following the appropriate Class EA procedures, including notification, if there is no Park Management Plan; and
 - (b) following the guidelines contained in the MNR Construction and Mitigation Handbook if there is a Park Management Plan.
6. Within forty-five days of receiving notification from MNR under condition 3 or 15, and after consultation with the Minister of Natural Resources, the Minister of the Environment may, by written notice to the

Minister of Natural Resources which outlines his reasons,

- (1) direct that an environmental assessment be prepared for the proposed plan or project, in which event the plan or project will not be exempt under this Order; or
 - (2) give notice that he is considering the application of subcondition (1) to the proposed project.
7. Where the Minister of the Environment has given written notice to the Minister of Natural Resources under subcondition 6 (2), the MNR shall not implement the project until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment, whichever occurs first.
 8. During the period covered by this Order, the Provincial Parks Program shall be planned, managed and implemented according to the following Provincial Parks' guidelines and policies:
 - Ontario Provincial Parks Policy
 - Ontario Provincial Parks Planning and Management Policies

10. Those plans and projects under this exemption, but not fully implemented by the date of expiry of this exemption, will have their status under the *Environmental Assessment Act* reviewed in connection with the review of the Class EA for Provincial Park Management and, if provided for in conditions of approval issued in connection with the undertaking, may continue to proceed in accordance with such conditions.
11. Subject to condition 12, this Order expires June 30, 1991 except that the Minister of the Environment, taking into consideration the progress of the Ministry of Natural Resources on pre-submission consultation and any related drafting of the Class EA for Provincial Park Management and upon the written request of the Minister of Natural Resources, may extend this expiry date but this extension shall not be beyond June 30, 1992.
12. The Ministry of Natural Resources shall submit, by December 31, 1990, a schedule for completion of the Class EA for Provincial Park Management. This Order shall expire on December 31, 1990 if this Schedule is not submitted by that date.
13. If the Ministry of Natural Resources has submitted a Class EA under this Act for the Provincial Park Management undertaking prior to the expiry of this Order, this Order shall remain in effect until a final decision on the approval of the undertaking for which the Class EA is submitted has been made.
14. Where an Environmental Assessment has been done and approval to proceed issued for an individual Provincial Park plan or project, that plan or project shall be deemed to be a separate undertaking not exempt by this Order.
15. Before the MNR amends or rescinds boundary regulations for a park (which, for greater clarity, includes the elimination of the entire area of a park) and following appropriate public consultation and notification, it shall give at least forty-five days notice to the Environmental Assessment Branch and the appropriate Regional Office of the Ministry of the Environment.

**REGULATION MADE UNDER THE
MUNICIPAL ACT**

WASTE MANAGEMENT

NOTICE REQUIREMENT

1.—(1) Notice of a proposed waste management plan under subsection 209a (5) of the Act shall be given in the manner described in this section.

(2) The clerk of the county shall, at least sixty days before the date a by-law to adopt a waste management plan is to be considered, give notice of the time and place of the council meeting and a brief explanation of the contents of the proposed plan by publication in a newspaper that is, in the clerk's opinion, of

sufficiently general circulation in the county to give the public reasonable notice of the meeting and the contents of the plan.

(3) The clerk of the county shall, at least sixty days before the date that a by-law to adopt a waste management plan is to be considered, give, by personal service or prepaid first class mail, the notice under subsection (2) and a copy of the proposed plan to,

- (a) the clerk of each municipality within the geographic boundaries of the county;
- (b) the clerk of each municipality any part of which is within 1 kilometre of the county;
- (c) the secretary-treasurer of every planning board having jurisdiction within the geographic boundaries of the county or in any area which is within 1 kilometre of the county;
- (d) the director of the regional office of the Ministry of the Environment having jurisdiction in the area to which the proposed plan would apply; and

- (e) every person and agency that has given the clerk of the county a written request for notice of the consideration of a waste management plan. O. Reg. 388/90, s. 1.

PROTECTION OF EMPLOYEES

2.—(1) The county or a local board thereof shall offer to employ every person who was employed by a participating local municipality or a local board thereof on the date a by-law passed under subsection 209a (2) of the Act comes into force and continuously for a period of not less than six months immediately before that date and who during that period was primarily engaged in providing the waste management function the county has assumed under the by-law.

(2) Any person who accepts employment under subsection (1) is guaranteed employment with the county or local board for the one-year period next following the commencement of employment with the county or local board and, during the one-year period, the person shall receive a wage or salary of not less than the person was receiving on the date the by-law came into force.

(3) The county or local board thereof shall be deemed to have elected to participate in the Ontario Municipal Employees Retirement System on the day before the by-law under subsection 209a (2) of the Act comes into force in respect of a person employed under subsection (1) if the employee was or was entitled to be a member of the Ontario Municipal Employees Retirement System on the day immediately preceding his or her employment with the county or local board thereof and the employee,

- (a) shall have uninterrupted membership or entitlement to membership, as the case may be, in the Ontario Municipal Employees Retirement System; and
- (b) shall be deemed not to have resigned from his or her previous employment.

(4) A person employed under subsection (1) shall be deemed to remain an employee of the participating local municipality or local board thereof until the county or local board has established a sick leave credit plan, at which time the county or local board shall transfer to the plan of the county or the local board the sick leave credits standing to the credit of the employee in the plan of the participating local municipality or local board.

(5) Subsection (4) does not apply so as to require the county or a local board thereof to establish a sick leave credit plan other than to recognize the sick leave credit being transferred under that subsection.

(6) The county or local board thereof shall, during the first year of employment of a person employed under subsection (1), provide for vacation with pay equivalent to those to which the employee would

have been entitled if he or she had remained in the employment of the participating local municipality or local board.

(7) The county or local board thereof shall be deemed to be a municipality for the purposes of the *Ontario Municipal Employees Retirement System Act*.

(8) Nothing in this section prevents an employee from terminating the employment of an employee for cause. O. Reg. 388/90, s. 2.

FINANCIAL ADJUSTMENTS

3.—(1) Subject to subsection (3), if a right, obligation, asset or liability is vested in a county under subsection 209a (15) of the Act, that county shall pay the participating local municipality or local board thereof in which the right, obligation, asset or liability was previously vested, compensation based upon the market value of the right, obligation, asset or liability.

(2) The market value of a right, obligation, asset or liability is the amount the right, obligation, asset or liability might be expected to bring if it changed hands in the open market between a willing seller and a willing buyer on the day before a county passes a by-law under subsection 209a (2) of the Act.

(3) If it is determined that the market value of a right, obligation, asset or liability transferred to the county is less than zero, the participating local municipality or local board thereof in which the right, obligation, asset or liability was previously vested shall pay the county the amount by which the market value is less than zero.

(4) The compensation under subsection (3) shall be paid to the county at such times and in such amounts as the county and the participating local municipality or local board may agree or, failing agreement, in equal yearly instalments over a period of five years or such shorter period as the participating local municipality or local board may determine.

(5) Compensation owing under subsection (1) or (3) shall bear interest calculated from the date the county passes a by-law under subsection 209a (2), at the rate of 2 per cent less than the post-judgment interest rate applicable on that date as determined under subsection 137 (2) of the *Courts of Justice Act*, 1984. O. Reg. 388/90, s. 3.

ALTERNATIVE DISPUTE SETTLEMENT MECHANISM

4.—(1) The county, the participating local municipalities and the local boards affected by the dispute described in subsection 209a (25) of the Act may, at any time before an application is made to the Municipal Board under that subsection, establish a committee of mediators which shall investigate the matter and report its findings and recommendations on the dispute in writing to the affected parties.

(2) A committee of mediators established under subsection (1) shall be composed of,

- (a) one person appointed by the county;
- (b) one person appointed by all of the participating local municipalities and local boards thereof affected by the dispute; and
- (c) one person, who shall chair the committee, appointed by the two persons described in clauses (a) and (b).

(3) A committee of mediators shall determine its own procedure.

(4) The report of the majority constitutes the report of a committee of mediators, but, if there is no majority agreement, the chair shall notify the affected parties in writing that there has been no agreement and the notification constitutes the report of committee.

(5) A report of a committee of mediators is not binding on the affected parties.

(6) No affected party shall apply to the Municipal Board under subsection 209a (25) of the Act between the date a committee of mediators is established and the date the committee sends its report to the affected parties, unless an affected party gives all the other affected parties and the committee of mediators thirty days notice in writing of its intention to make the application. MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 396/90.

Exemption—The Regional Municipality of Durham—DURH-RG-1.

Made—July 11th, 1990.

Approved—July 11th, 1990.

Filed—July 17th, 1990.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE REGIONAL MUNICIPALITY OF DURHAM—DURH-RG-1

Having received a request from The Regional Municipality of Durham that an undertaking, namely,

the activity of establishing, operating and closing a waste disposal site in the Town of Pickering known as the P1 Site, located on lands bounded by the York-Durham Line on the west, Altona Road on the east, the 4th Concession Road on the south and the 5th Concession Road on the north, for the disposal of domestic, commercial and non-hazardous solid industrial wastes,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by The Regional Municipality of Durham that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. There will be a period of time commencing in 1993, during which there will be no available waste disposal capacity to The Regional Municipality of Durham in the Greater Toronto Area, and there will be a significant

shortfall in waste disposal capacity in the Greater Toronto Area as a whole.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Most waste currently generated in The Regional Municipality of Durham is disposed of at the Brock West Landfill, which is expected to be full to capacity in the summer of 1991.
- B. Landfill capacity available to The Regional Municipality of Durham in the entire Greater Toronto Area is expected to be exhausted by the summer of 1993.
- C. The Regional Municipality of Durham is currently engaged in the development of the Durham Waste Management Master Plan. It is expected that the disposal component of the master plan will take at least four years to implement.
- D. As a consequence of the March 14, 1989 proposal from the five Chairmen of the Regional and Metropolitan Municipalities in the Greater Toronto Area, The Regional Municipality of Durham is also participating in the Solid Waste Interim Steering Committee (SWISC), with the regional municipalities of Halton, Peel, York and The Municipality of Metropolitan Toronto. SWISC is proceeding to develop a comprehensive long term solid waste management system for the Greater Toronto Area. It is expected that the system will not be operational before 1996.
- E. In their March 14, 1989 proposal, the five Regional Chairmen proposed a standby plan to deal with the possible shortfall in disposal capacity in the Greater Toronto Area between 1992 and 1996. In that plan, each Region agreed to nominate one or more contingency waste disposal sites to serve the Greater Toronto Area in that period. The Regional Municipality of Durham has nominated the P1 Site to SWISC and SWISC has endorsed that nomination.
- F. If the P1 Site is not exempt from the application of the Act pursuant to section 29, then The Regional Municipality of Durham would be required to complete a full *Environmental Assessment Act* process in

respect of a contingency site. The length of time required to complete such a process would substantially exceed the date of landfill exhaustion for the Greater Toronto Area set out in Reason B, resulting in no available waste disposal for the residents of The Regional Municipality of Durham for a period of time commencing in 1993. It would also result in a failure to fulfil the SWISC contingency plan resulting in a significant shortfall in waste disposal capacity to the Greater Toronto Area as a whole.

- G. The environmental suitability of the site will be examined through a detailed, exhaustive and public process under Part V of the *Environmental Protection Act*. This will include a mandatory public hearing before either the Environmental Assessment Board or a Joint Board under the *Consolidated Hearings Act, 1981*.
- H. Comments on the request to issue this order were solicited by the Ministry of the Environment from interested local organizations and comments from members of the public have been considered in preparing this order.
- I. The implementation of the undertaking is a matter of such overwhelming urgency that the public interest would not be served by applying the Act to it.
- J. The undertaking would be subject to the terms and conditions of this order.

This exemption is subject to the following terms and conditions:

- 1. No waste may be deposited at the site pursuant to this order after December 31, 1996.
- 2. No waste may be deposited at the site except commercial, domestic and non-hazardous solid industrial waste.
- 3. (1) No waste originating within an upper tier municipality of the Greater Toronto Area in which at least 25 per cent of the commercial, domestic and non-hazardous solid industrial waste generated within the municipality is not being diverted from the waste stream may be deposited at the site after December 31, 1992.
- (2) For purposes of subcondition (1), satisfaction of the 25 per cent requirement will be determined by the Certificate of the Director of the Waste Management Branch of the Ministry of the Environment based on whether the Municipality in question has implemented programs and

policies which result in a quantity of waste equal to at least 25 per cent of the quantity by weight of domestic, commercial and non-hazardous solid industrial waste collected in the Municipality by municipal collection systems in 1987 divided by the population of the Municipality, as determined by the Ministry of Municipal Affairs for 1987, multiplied by the most recent population of the Municipality as so determined, being diverted from landfill and incineration.

- 4. That not later than three months after this order is issued The Regional Municipality of Durham establish a Municipal-Regional Waste Diversion Committee to monitor waste haulers and having as its goal to develop programs and policies to divert waste from landfills.

The Committee shall consist of representatives invited from local residents' associations, environmental interest groups, commercial and industrial business associations, and staff of local municipalities and The Regional Municipality of Durham.

Once each year, The Regional Municipality of Durham shall report on the extent of the co-operation and progress on the work of this Committee and file a copy of the Report with the Director of the Waste Management Branch of the Ministry of the Environment, and advertise the availability of the report for public review in an advertisement in a newspaper of general circulation in the Regional Municipality. The availability of the first of such reports shall be advertised not later than one year after the date the Committee is established.

- 5. The area to be serviced by the site may not exclude any of the five upper tier municipalities of the Greater Toronto Area, namely Durham, Halton, Metropolitan Toronto, Peel and York.
- 6. The site shall be established, operated and closed in accordance with any terms and conditions attached to any Provisional Certificate of Approval issued pursuant to section 38 of the *Environmental Protection Act*.
- 7. That The Regional Municipality of Durham establish a Landfill Citizen's Advisory Committee to address complaints and suggest methods to reduce off-site impacts as a result of the landfill operation.

The Terms of Reference of the Committee shall be established by the Provisional Certificate of Approval under Part V of the

Environmental Protection Act if one is issued for the landfill.

8. The supporting documentation for the application for a Provisional Certificate of Approval shall be made available to the public. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 397/90.

Exemption—The Regional Municipality of Peel—PEEL-RG-1.

Made—July 11th, 1990.

Approved—July 11th, 1990.

Filed—July 17th, 1990.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE REGIONAL MUNICIPALITY OF PEEL—PEEL-RG-1

Having received a request from The Regional Municipality of Peel that an undertaking, namely,

the activity of establishing, operating and closing a waste disposal site known as Site VIB located between Torbram and Airport Road and between Mayfield Road and Countryside Drive more particularly known as part of lots 16 and 17 in Concession 6 E.H.S. in the City of Brampton for the disposal of domestic, commercial and non-hazardous solid industrial wastes,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by The Regional Municipality of Peel that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. There will be a period of time commencing in 1993, during which there will be no available waste disposal capacity to The Regional Municipality of Peel in the Greater Toronto Area, and there will be a signifi-

cant shortfall in waste disposal capacity in the Greater Toronto Area as a whole.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Most waste currently generated in The Regional Municipality of Peel is disposed of at the Britannia Landfill. Based on current estimates, the Britannia Landfill is expected to be full to the approved contours about December 31, 1990.
- B. Landfill capacity available to The Regional Municipality of Peel in the entire Greater Toronto Area is expected to be exhausted by the summer of 1993.
- C. As a consequence of the March 14, 1989 proposal from the five Chairmen of the Regional and Metropolitan Municipalities in the Greater Toronto Area, The Regional Municipality of Peel is participating in the Solid Waste Interim Steering Committee (SWISC) with the regional municipalities of Durham, Halton and York and The Municipality of Metropolitan Toronto. SWISC is proceeding to develop a comprehensive long term solid waste management system for the Greater Toronto Area. It is expected that the system will not be operational before 1996.
- D. In the March 14, 1989 proposal, the five Regional Chairmen proposed a standby plan to deal with the possible shortfall in disposal capacity in the Greater Toronto Area between 1992 and 1996. In that plan, each Region agreed to nominate one or more contingency waste disposal sites to serve the Greater Toronto Area in that period. The Regional Municipality of Peel has nominated Site VIB to SWISC and SWISC has endorsed that nomination.
- E. If Site VIB is not exempt from the application of the Act pursuant to section 29, then The Regional Municipality of Peel would be required to complete a full *Environmental Assessment Act* process in respect of a contingency site. The length of time required to complete such a process would substantially exceed the date of landfill exhaustion for the Greater Toronto Area set out in Reason B, resulting in no available waste disposal for the residents of The Regional Municipality of Peel.

pality of Peel for a period of time commencing in 1993. It would also result in a failure to fulfil the SWISC contingency plan resulting in a significant shortfall in waste disposal capacity to the Greater Toronto Area as a whole.

- F. The environmental suitability of the site will be examined through a detailed, exhaustive and public process under Part V of the *Environmental Protection Act*. This will include a mandatory public hearing before either the Environmental Assessment Board or a Joint Board under the *Consolidated Hearings Act, 1981*.
- G. Comments on the request to issue this order were solicited by the Ministry of the Environment from interested local organizations and comments from members of the public have been considered in preparing this order.
- H. The implementation of the undertaking is a matter of such overwhelming urgency that the public interest would not be served by applying the Act to it.
- I. The undertaking will be subject to the terms and conditions of this order.

This exemption is subject to the following terms and conditions:

- 1. No waste may be deposited at the site pursuant to this order after December 31, 1996.
- 2. No waste may be deposited at the site except commercial, domestic and non-hazardous solid industrial waste.
- 3. (1) No waste originating within an upper tier municipality of the Greater Toronto Area in which at least 25 per cent of the commercial, domestic and non-hazardous solid industrial waste generated within the municipality is not being diverted from the waste stream may be deposited at the site after December 31, 1992.
- (2) For purposes of subcondition (1), satisfaction of the 25 per cent requirement will be determined by the Certificate of the Director of the Waste Management Branch of the Ministry of the Environment based on whether the Municipality in question has implemented programs and policies which result in a quantity of waste equal to at least 25 per cent of the quantity by weight of domestic, commercial and non-hazardous solid industrial waste collected in the Municipality by municipal collection

systems in 1987 divided by the population of the Municipality, as determined by the Ministry of Municipal Affairs for 1987, multiplied by the most recent population of the Municipality as so determined, being diverted from landfill and incineration.

- 4. That not later than three months after this order is issued The Regional Municipality of Peel establish a Municipal-Regional Waste Diversion Committee to monitor waste haulers and having as its goal to develop programs and policies to divert waste from landfills.

The Committee shall consist of representatives invited from local residents' associations, environmental interest groups, commercial and industrial business associations, and staff of local municipalities and The Regional Municipality of Peel.

Once each year, The Regional Municipality of Peel shall report on the extent of the co-operation and progress on the work of this Committee and file a copy of the Report with the Director of the Waste Management Branch of the Ministry of the Environment, and advertise the availability of the report for public review in an advertisement in a newspaper of general circulation in the Regional Municipality. The availability of the first of such reports shall be advertised not later than one year after the date the Committee is established.

- 5. The area to be serviced by the site may not exclude any of the five upper tier municipalities of the Greater Toronto Area, namely Durham, Halton, Metropolitan Toronto, Peel and York.
- 6. The site shall be established, operated and closed in accordance with any terms and conditions attached to any Provisional Certificate of Approval issued pursuant to section 38 of the *Environmental Protection Act*.
- 7. That The Regional Municipality of Peel establish a Landfill Citizen's Advisory Committee to address complaints and suggest methods to reduce off-site impacts as a result of the landfill operation.

The Terms of Reference of the Committee shall be established by the Provisional Certificate of Approval under Part V of the *Environmental Protection Act* if one is issued for the landfill.

- 8. The supporting documentation for the application for a Provisional Certificate of Approval shall be made available to the

public. The public shall be advised of the locations and times when the supporting documentation will be available by advertisements in the local media not later than the submission of the application for a Pro-

visional Certificate of Approval to the Director. O. Reg. 397/90.
